Keynote Speakers at “Aatmanirbhar Bharat” – Opportunities in Renewable Energy Manufacturing - July, 2020

Mr Nitin Gadkari

Hon'ble Minister of MSMEs and Road Transport & Highways, Government of India

Mr Piyush Goyal

Hon'ble Minister of Railways & Commerce & Industry, Government of India

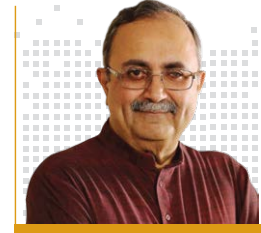

Mr RK Singh

Hon'ble Minister of State (IC) of Power and New & Renewable Energy & Minister of State (Skill Development), Government of India

Mr Anurag Thakur

Hon'ble Minister of State for Finance and Corporate Affairs, Government of India

Mr Saurabh Bhai Patel

Hon'ble Minister of Energy, Government of Gujarat

Mr Upendra Tripathy

Director General International Solar Alliance (ISA)

Mr Praveen Kumar

Secretary, Ministry of Skill Development and Entrepreneurship Government of India

Ms Sumita Dawra

Joint Secretary Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry Government of India

Mr Bhanu Pratap Yadav

Joint Secretary Ministry of New & Renewable Energy Government of India

Dr Srikant Nagulapalli

Secretary, Energy & Chairman & Managing Director, Andhra Pradesh Transmission Corporation, Government of Andhra Pradesh

A major drive by Hon'ble Prime Minister Shri Narendra Modi to make India Aatmanirbhar could boost the manufacturing competitiveness of the country's renewable energy sector. The wind sector in India is already localised and is looking at becoming a global leader in manufacturing, while for the solar sector, it is critical to build a strong domestic manufacturing and create a robust ancillary product industry with R&D and technological innovation.

This could significantly reduce its import dependence, ensure a self-sufficiency, bring affordable energy access with greater employment generation. In line with this, the Government of India has come out with various policy measures to promote domestic manufacturing for renewable energy, like introduction of Basic Custom Duty, Performance Linked Incentive (PLI) etc. With the right policy support, it is important to look at the holistic picture and build a roadmap for making the Indian industry globally competitive for renewable energy manufacturing.

Against this backdrop, CII is organizing its **2nd Edition of Conference & Exhibition on "Aatmanirbhar Bharat" - Self-Reliance for Renewable Energy Manufacturing on 15th-16th July 2021**, along with **15 days virtual exhibition**.

Impact

of climate change
and role of
renewable energy

Strategies, policies
and regulatory
framework to define
the future of
renewable energy

Roadmap

to make India a
globally competitive
manufacturing hub
for RE components-
opportunities &
challenges

**Making India the
export hub** for solar,
wind and other RE
sources

**Making India
global player**
for EPC & O&M

15-16 July 2021
CONFERENCE

Participants Profile

Policy Makers

Industrial users

Technology Providers

Independent Power Producers,
EPC, O&M companies

Think Tanks

Regulators

Energy Consultants

System Installers
and Integrators

Fund Managers,
Banks, Financial consultants

RE Manufacturers

Ancillary and MSME

Investors

Why Attend?

Be a strong voice
in the RE
manufacturing
story

**World-class digital
exhibition and
conference**
with the globally
leading companies
in renewable energy

**Exciting options to
showcase your
capabilities,**
products & services,
innovation and
technology

Last Year
Participation

3,000+
delegates
from 28 countries

Speakers:

15-16 July 2021
CONFERENCE

Key Sessions

DAY-1 (15th July, 2021)

Inaugural Session:	Aatmanirbhar Bharat - Self-Reliance for Renewable Energy Manufacturing
Plenary Session 1:	Roadmap for developing India as a RE Manufacturing Hub
Parallel Session 1a:	Scaling up Solar Manufacturing in India: Enhancing India's energy security
Parallel Session 1b:	Energy Independence: Wind-Solar Hybrid projects
Parallel Session 2a:	Role of Ethanol: Making India Aatmanirbhar
Parallel Session 2b:	India: The global export service hub
Parallel Session 3a:	Wind Manufacturing: Make in India - Make for the World Making India Globally Competitive
Parallel Session 3b:	India: Harnessing India's Renewable Energy Potential through Skilling

Ministerial Sessions

Country Sessions

DAY-2 (16th July, 2021)

Parallel Session 1a:	Financing India's Clean Energy Transition
Parallel Session 1b:	Energy Storage: Paving way for a Renewable Powered Future
Parallel Session 2a:	Solar Energy: Powering Agriculture
Parallel Session 2b:	Vision: Green Hydrogen Economy for India
Parallel Session 3a:	Best Practices - RE Manufacturing
Parallel Session 3b:	Role of R&D and Partnership: Creating a win-win Scenario for all

State Sessions

Valedictory Session

15-30 July 2021
EXHIBITION

Reason to Exhibit

Shake hands with industry experts

and influential decision makers

Showcase products, brand

and services in an exciting setting focused on the latest innovations and market trends

Great marketing platform for

business opportunities before and during the event

Sponsorship Options

Platinum Partner

₹ 10 Lakhs

Diamond Partner

₹ 7 Lakhs

Principal Partner

₹ 5 Lakhs

Gold Partner

₹ 3.5 Lakhs

Silver Partner

₹ 2 Lakhs

Corporate Partner

₹ 1 Lakh

Exhibitors Participation

Logo Branding

- Digital Exhibitor Catalogue
- Exhibitor Page
- 2 Passes for exhibitor for registration
- Event report

Premium Booth Price

₹ 50,000 /-

Standard Booth Price

₹ 35,000/-

MSME and Institutional

₹ 20,000/-

Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering industry, Government and civil society, through advisory and consultative processes.

For 125 years, CII has been working on shaping India's development journey and, this year, more than ever before, it will continue to proactively transform Indian industry's engagement in national development.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, with about 9100 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from 288 national and regional sectoral industry bodies.

CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes. Partnerships with civil society organizations carry forward corporate initiatives for integrated and inclusive development across diverse domains including affirmative action, livelihoods, diversity management, skill development, empowerment of women, and sustainable development, to name a few.

With the Theme for 2020-21 as Building India for a New World: Lives, Livelihood, Growth, CII will work with Government and industry to bring back growth to the economy and mitigate the enormous human cost of the pandemic by protecting jobs and livelihoods.

With 68 offices, including 10 Centres of Excellence, in India, and 8 overseas offices in Australia, Egypt, Germany, Indonesia, Singapore, UAE, UK, and USA, as well as institutional partnerships with 394 counterpart organizations in 133 countries, CII serves as a reference point for Indian industry and the international business community.
